

INTERNATIONALIZATION

Worldwide Employee Engagement

Managing employee wellbeing across a global workforce is challenging when language barriers and cultural differences get in the way. Grokker delivers expert-led content, personalized programs, and seamless accessibility in 21 languages for a truly inclusive, engaging, and scalable wellbeing experience for your team. One platform, one solution — because every employee deserves support in a language they understand.

Grokker — Your Team's Multi-Lingual Wellbeing Partner

Localized Content

Wellbeing content is translated and culturally relevant, increasing engagement.

Scalable Solution

A single platform that supports employees worldwide, eliminating the need for multiple wellbeing vendors.

Integration with Global Benefits Platforms

Integration with global HR tech solutions (e.g., Workday, SAP SuccessFactors) makes employee adoption a breeze.

Strong Video Content Library

Expert-led, holistic wellbeing content that improves employee engagement by up to 68%.
